Au

### KENSINGTON / Gold

- Owned and operated by Coeur Alaska, Inc
- Land ownership: Private/federal/state
- Produced 84,789 oz. of gold
- 380 employees
- Spent \$54.9 million with 177 Alaska companies

79  
Au

### MANH CHOH / Gold, Silver

- Developed by Kinross Alaska and Contango ORE
- Land ownership: Native Village of Tetlin
- 400 employees and contractors

47  
Ag

79  
Au

### POGO / Gold

- Owned and operated by Northern Star Resources
- Land ownership: State
- Produced 255,201 oz of gold
- 625 employees
- Spent \$93 million with 130 Alaska companies

30  
Zn

### RED DOG / Zinc, lead, silver, germanium

- Operated by Teck Alaska
- Land ownership: NANA Regional Corporation
- Shipped 1,036,285 metric tonnes of zinc concentrate
- 628 employees
- Spent \$300 million with 266 Alaska companies

82  
Pb

47  
Ag

32  
Ge

06  
Coal

### USIBELLI / Coal

- Owned and operated by Usibelli Coal Mine
- Land ownership: State
- Produced 1 million tons
- 100 employees
- Spent \$30.5 million with 292 Alaska companies

(2023 data for production, employment, and local spending unless noted)

## PROJECTS IN PERMITTING OR NEAR DEVELOPMENT

79  
Au

### DONLIN GOLD / Gold

- Developed by NovaGold and Barrick Gold
- Land ownership: Calista Corp. and The Kuskokwim Corp.
- \$7.4 billion initial capital costs
- Up to 1,000 potential production jobs

### PEBBLE / Copper, gold, molybdenum, silver, rhenium

- Developed by Pebble Limited Partnership
- Land ownership: State
- \$6.773 billion projected initial capital costs
- Up to 800 potential production jobs

## ADVANCED EXPLORATION PROJECTS

79  
Au

### GOLDEN SUMMIT / Gold

- Developed by Freegold Ventures
- Land ownership: State/federal/private/Alaska Mental Health Trust

06  
Graphite

### GRAPHITE CREEK / Graphite

- Developed by Graphite One
- Land ownership: State
- \$499 million projected initial capital costs in Alaska
- 371 potential production jobs in Alaska

79  
Au

### LIVENGOOD / Gold

- Developed by Tower Hill Mines
- Land ownership: State/Alaska Mental Health Trust/federal
- \$1.9 billion projected initial capital costs
- 331 potential production jobs

29  
Cu
